EASTER SERVICES.

All the Churches Attended by Large Numbers of Worshipers.

Easter services were held in all the churches Sunday, and all were richly decorated with flowers and evergreens.

Each church was crowded to its utmost capacity, some of them not having seats for all who came. The programs were varied, and the music and recitations were well executed by the different participants.

The vocal music in most instances is noted as being especially fine. Probably at Trinity church the most elaborate preparations had been made of any of the Protestant churches, though the Baptist church was not far behind, and the building was hardly large enough to comfortably accommodate the audience.

At the Methodist Episcopal Church were rendered some beautiful selections of music by the choir, and recitations by some of the young ladies, were highly appreciated by the audience. As is customary the great mother church—the Catholic—celebrated this the greatest day in the church calendar with the full Easter services. Father Jouveaneau conducted high mass at 10 o'clock and pronounced the apostolic benediction.

upon all the faithful of his parish. It was a matter of much gratification to church people to see so many out to celebrate this anniversary of the day of resurrection.

The levee will begin at the old Maricopa ditch and extend south across the old town or Swilling ditch, and on across the big slough between there and the river. It is to be from four to twelve feet in height, and is estimated to cost about \$7000. The money is to be raised by private subscription.

Every one interested will be asked to contribute something. The business men of Phoenix have already donated liberally, some giving cash and others putting in provisions, hay, grain, etc.
